

BRIDGER

Welcome to the NEW Bridger!

Dear Valued Producer,

We don't just have a new logo, we have a new way of operating, making it easier to do business with us!

AGENCY DOCUMENT RETENTION

- You no longer need to upload signed policy documents at the time of the new business transaction. Please retain the signed application and FOUR photos of the vehicle in your agency files.* These documents will be required to be provided when claims occur and when periodic agency audits are performed.

EXPANDED CUSTOMER SERVICE

- We've increased our customer service staff and hours of operation to 9a-5p PST. Bridger Insurance offers well-trained bi-lingual staff and offers minimal hold times to speak to a live agent. Call our experts at 866-762-7332 today!

SALES AND MARKETING DEPARTMENT

- We have an experienced sales and marketing team with over two decades of non-standard auto experience which will be visiting our valued agencies in order to improve the partnership maintained with Bridger. *Although we still DO NOT accept vehicles with pre-existing damage like cars with major dents or with safety features missing, we will be more liberal for vehicles with minor scratches and scrapes, if photos are available when needed. Please be advised though that claims for pre-existing damage are excluded from coverage. This exclusion applies to salvaged vehicles for physical damage.
