

A Message To Our Brokers

Dear Broker,

In its efforts to expedite the Underwriting and Claims services, **Bridger will be requiring that all submitted policies have the appropriate supporting documents uploaded the same day.** The required documents include:

- 1) Signed and Dated application
- 2) All other signed documents UMBI/UMPD, excluded driver, etc.
- 3) Licenses (Foreign/International, California, and Passport)
- 4) Vehicle Registrations
- 5) Photos for Comp and Coll policies within first 5 days

Failure to provide these documents at the point of submission will and can cause the policy to be adjusted, cancelled, or amended according to our Underwriting guidelines. Please make sure and remind your staff of these requirements.

Bridger thanks you for your cooperation and understanding as we continue to improve our services.

Sincerely,

Gerry Gruska
