

BRIDGER

BridgerAuto is pleased to
Announce our Initiative to

GoGreen

PAPERLESS OPTION - EMAIL DOCS NEW BUSINESS PRINTING REQUIREMENTS

In an effort to **GoGreen**, **BridgerAuto** will no longer be mailing the insured a paper copy of the initial New Business Policy Documents and ID Cards. You must provide the insured with a copy of their New Business Policy Documents at *Point-of-Sale*.

We strongly encourage you to collect and input the insured's e-mail address and cell phone number into our system to allow **BridgerAuto** to send the insured an electronic copy of their New Business Policy Documents & ID Card.

Customers can access their Policy Documents on our website 24/7

www.BridgerIns.com/policyholders/

DOCUMENT RETENTION GUIDELINES

You no longer need to upload **ANY** signed policy documents at the time of the new business transaction.

Please retain the signed application, vehicle registrations, copies of driver's licenses, **FOUR** photos of vehicles with Comp/Coll and all other supporting policy documents in your agency files.

Documents must be provided from your files when claims occur or periodic agency audits are performed.

Although we still **DO NOT accept vehicles with pre-existing damage, such as cars with major dents or with safety features missing, we are much more relaxed about accepting vehicles with minor scratches and scrapes. However, claims for vehicles with pre-existing damage exceeding minor scratches and scrapes will be excluded from coverage. This exclusion also applies to salvaged vehicles for physical damage.

Proof of Foreign License – Foreign Passport – Matricula – Voter ID Card for drivers is to be maintained in your agency files
